PRESIDENT'S MESSAGE

Dear Annual Giving donor,

On behalf of the beneficiaries of your generosity, I would like to express our heartfelt appreciation for your support for Annual Giving 2007 (AG07). Your gifts enable deserving students who need financial assistance to take advantage of NUS' transformative educational experience.

You are one of the 3,266 alumni, faculty, staff, graduating students and friends of NUS who gave to AG07, representing an increase of 38% over the participation in the previous year. Together, you raised \$1,158 502.44 for student financial aid. Many of you had already given to previous Annual Giving campaigns and it is most gratifying to see your continued support for AG07.

*An investment in knowledge
always pays the best interest.*

Benjamin Franklin

Among you, there are also 413 donors who pledged in advance to support our current Annual Giving 08 (AG08) towards student financial aid. This is an extra boost of encouragement and we are indeed heartened by the steadfast support.

Your gifts signify your belief in the value of the NUS educational experience. Your generosity also underscores a commitment to nurturing talent and grooming future leaders. Your continuing support enables our students to seize opportunities to discover their strengths, pursue their passions and realize their potential.

Thank you for making a difference in our students' lives. I hope you will continue to invest in our students' futures by supporting AG08.

Sincerely,

SHIH Choon Fong
President, NUS

"For me the most enriching part of being in the Annual Giving team is interacting with the alumni of NUS. They touch us in a uniquely inspiring way when they agree to support the students in financial need by making gifts. It kind of rekindles the candle of gratitude and service in our hearts and motivates us to pay it forward when we are able to."

Shubhangi Faujdar, Class of '10, is one of the Student Development Associates in the Annual Giving Phonathon call centre, calling on alumni to raise funds.

"Being a previous recipient of the bursary I feel this would be a nice way to contribute back to my alma mater."

Luke Lau, Student Development Associate, Class of '08, would also like to give to the Annual Giving Student Bursary Fund when he graduates and begins his career

ANSWERING THE CALL

Annual Giving 07 saw the launch of the full-time on-campus call centre for the AG Phonathon campaign. Students were recruited as Student Development Associates to serve as ambassadors for NUS, calling on alumni to both fund-raise and friend-raise.

Their mission: To raise funds for financially needy students at NUS. Many of the 40 students are themselves bursary recipients and their personal stories have moved many alumni into saying YES to Annual Giving.

A total of 405 alumni answered the call, making gifts that amounted to \$106,890. The single largest gift was \$10,000 from a Faculty of Engineering alumnus. All gifts go towards supporting student financial aid at NUS.

Apurva Jain, the student caller who secured the \$10,000 gift, said: "The donor said he would give it some consideration but I didn't expect my call to result in a \$10,000 gift!"

The donor, who wishes to remain anonymous, said: "I have the means to help today because I was fortunate that my parents supported me all along and education was affordable to all. I hope the recipient will do likewise for the needy when they have the means one day."

The Phonathon call centre is located at 15 Prince George's Park on Kent Ridge Campus and operates all year round. The Student Development Associates work five days a week, including weekends and evenings.

Calling their way into the hearts of alumni, the Student Development Associates raised \$106,890 for AG 07 to support fellow students in financial need

PHARMACY '07 BLAZES TRAIL FOR CLASS GIVING AT NUS

With more than 1 out of 3 students from Pharmacy Class of '07 making a gift in the first commencement class giving drive at NUS, a great tradition has been created for future classes to follow.

Senior graduating students who wished to show support for their juniors facing financial difficulty came up with the entirely student-led initiative.

Soon Swee Sung, one of the leaders of the drive, said: "I've seen friends who struggled to make ends meet and pay loans or school fees by working as tutors. At times, they would even tutor as many as 7 or 8 tuition. This inevitably took a toll on their academic performance and deprived them of the opportunity to experience fully the vibrant life of an undergraduate. Yet circumstances do not always allow needy students to do away with part-time jobs and concentrate solely on their studies."

The resounding YES by a third of the graduating class has led to gifts totaling \$1,549.

Phuah Wey Ling, another student leader, said she was able to rally support from her classmates by personally appealing to them to help "show that we care for our juniors" and to "leave a lasting imprint on the University long after we have graduated".

Prof Chan Sui Yung, head of the Pharmacy Department, remarked: "Although they have yet to receive their first paychecks, they have opened their hearts and wallets to contribute back to NUS to benefit current and future Pharmacy students."

Making a mark: Pharmacy Class of '07 who started a tradition at NUS by giving to support fellow students in financial need

"The Pharmacy Department has given me a lot of opportunities and wonderful mentors. I thought it's only right for me to give back in any way possible. Furthermore, I have always counted myself fortunate to have been able to go through tertiary education without having to worry about financial problems and I am aware that not all students are like me. Thus, if giving means that some pharmacy students will get a chance to fully concentrate on their course without having to worry about their daily living allowance, then I'm more than happy to give."

Yap Peiling
Pharmacy Class of '07

"I gave because, although it is not a lot, I believe that together, the combined efforts of our class would go into making the road to graduation less bumpy for students who could really use a helping hand."

"NUS, in my opinion, has become an institution associated with producing graduates who can work and compete anywhere in the world today. Any deserving student should not be denied the opportunity to obtain a qualification from this premier institution especially if they are academically qualified but financially challenged. We, the donors, help them to not only achieve their dreams but also in some small way ensure that there is a future generation who can continue to grow the 'NUS' brand."

"A Chinese saying goes, 'When drinking water, remember its source.' I have benefitted from the NUS community ('the source') when I was a thirsty NUS undergrad. So, it is meaningful to help replenish that source so that it can help others quench their thirst."

"My eight and a half years in NUS educated me as a person and trained me as a scientist. Today, I am honoured and privileged to be able to contribute in a small way to fuel the journeys of other NUS students. I encourage fellow alumni to seek this joy of giving. Together we can propel NUS to greater heights."

Every attempt has been made to ensure the accuracy of the honour roll. Should you notice an error, or prefer that we list you differently in future publications, please e-mail annualgiving@nus.edu.sg or call 1800 - ALUMNUS (1800 - 258 - 6687).

In addition to the gifts listed above, we would like to express our deep appreciation to the persons and groups who have supported our students through the Annual Giving 07 campaign with their generous contributions of time and effort. Thank you for your support!

Bursary Recipients (by Faculty)

Bursary Recipients (by Year of Study)

The bursaries are administered by the Student Financial Aid Unit (SFAU), which was set up within the NUS Registrar's Office to assist students with financial concerns. SFAU's work underscores NUS' commitment to ensuring that no student who has been admitted to the University is denied an education because of financial difficulty. For more information on financial aid for students, please visit www.nus.edu.sg/registrar/sfau

AG08, the current Annual Giving campaign, commenced on 1 April 2008. The funds raised will continue to support student financial aid, which include annual renewable bursaries and scholarships.
